O Quick Fix

Close curly brace and the next "else". "catch" and "finally" keywords should

An open curly brace should be located

An open curly brace should be located

Tabulation characters should not be

Functions should not be defined with a variable number of arguments

be located on the same line

at the beginning of a line

Code Smell

Code Smell

at the end of a line

Code Smell

Code Smell

Code Smell

used

```
public ResponseEntity<String> testResponseEntity() {
 HttpHeaders responseHeaders = new HttpHeaders();
 responseHeaders.set("x-powered-by", "myproduct"); // Sensi
  return new ResponseEntity<String>("foo", responseHeaders,
```

Compliant Solution

Don't use x-powered-by or Server HTTP header or any other means disclosing fingerprints of the application.
